

UTILITY and TRANSPORTATION CONTRACTORS ASSOCIATION

UTCA Endorses Jon Bramnick for Re-election

The Utility and Transportation Contractors Association issued the following endorsement of Assemblyman Jon Bramnick.

“Jon Bramnick is a consistent, bi-partisan voice in Trenton. He has the courage to work across the aisle and find common ground to keep New Jersey moving in the right direction, said Robert A. Briant, Jr. CEO of the Utility & Transportation Contractors Association. That is why the UTCA is endorsing Jon for re-election to the General Assembly this year”. Briant added, “Jon does not concentrate his time on partisan bickering but rather focuses on what’s best for New Jersey and its citizens”.

The UTCA is non-profit trade association representing approximately 1,000 member firms in the public and private sectors, active in all phases of heavy, highway, utility, and marine construction.
